## 2023 NEW AURORA COLLECTION

Solid Surface Material

# HI-MACS

---

**Experience awe-inspiring design, evoking the majesty of the Aurora Borealis.**

Witnessing the Aurora Borealis is one of the most inspiring and captivating experiences you can have in a lifetime. Inspired by the natural beauty of the phenomenal northern lights,

The Aurora Collection offers solid surface materials that captivate the imagination with stunning marble-like aesthetics. The collection combines the veining patterns of exquisite Italian "Bianco Carrara" marble with the mysterious, moody allure of the Aurora Borealis.

The Aurora Collection's seamless design allows you to join two surfaces to create one continuous surface without unsightly joint lines. The collection's color palette and soft veining complement numerous styles and spaces with an appealing aesthetic

that continues to inspire for years to come. This beautiful HIMACS collection offers the luxury of natural marble at an affordable price in an easy-to-maintain and hygienic surface.

Its thermoformability allows you to create multiple shapes and designs to enhance indoor and outdoor applications.

2023 brings you more reasons to consider the Aurora Collection from HIMACS, with two new on-trend colors featuring natural marble-like patterning.

Create remarkable spaces, dancing with light with our new Aurora colors, Aurora Daymoon and Aurora Calacatta Fiore.

## Quality Design

---

HIMACS Aurora Collection features lush veining reminiscent of the Aurora Borealis' splendid waves of light. The sensuous, subtle patterns and versatile color palette will captivate viewers for years, allowing you to create timeless, captivating designs.

## Versatile & Hygienic

---

HIMACS is a highly versatile and hygienic material that can be shaped and installed in numerous ways for indoor and outdoor applications. It allows you to create continuous, hygienic surfaces with inconspicuous seams and thermoform surfaces of all shapes and configurations.

## Reasonable Price

---

HIMACS Aurora Collection makes luxury affordable. Elevate your designs without paying a premium with this flexible, easy-to-maintain surface material. The inspiring color palettes and marble-like patterns immediately enhance any design.
